## CONCERTS

The Grand Rapids Press summed it up beautifully: "The GRYSO did a brilliant job under the bold, dynamic hand of John Varineau... His animated style inspired wonders from his young players who performed difficult pieces with vigor and ease. Varineau holds nothing back from these high-schoolers and he treats them musically like he would the professionals. And that is just how they responded — with confidence, depth, and intense musicality."

Support our young musicians by attending the Grand Rapids Youth Symphony and Classical Orchestra concerts. We have a great season of high-energy performances just waiting for you!
